Subject: Energy Laboratories Independence Day Hours

Hello from Energy Laboratories, Inc.

We are taking this opportunity to let you, a valued client, know that we will be closed on Monday, July 4th, in observance of Independence Day.

For tests received the prior business day to the holiday which must be processed immediately, we will make every effort to process the samples within the holding time. Depending on the volume of samples received and remaining holding time, rush fees may apply.

Please contact your project manager if you have any questions regarding your upcoming sampling plans and applicable holding times. From everyone at Energy Laboratories, we would like to say thank you and it's been a pleasure working with you this year.

Have a wonderful Independence Day.
