

REGION 8

DENVER, CO 80202

Ref: 8LAS-LS

Lab Manager John Hager
 Energy Laboratories, Inc.
 400 West Boxelder Road
 Gillette, Wyoming 82718

Dear Manager Hager:

On August 22, 2023 Certification Officers from the U.S. Environmental Protection Agency Region 8 performed a an on-site evaluation of the Energy Laboratories, Inc. facility in Gillette, Wyoming. The purpose of this evaluation was to review the laboratory’s microbiology methods for certification under the Safe Drinking Water Act. Certification pertains to testing of drinking water compliance samples in the state of Wyoming and among Indian Country in Region 8.

Based upon recommendations in the enclosed Evaluation Report, certification is granted to the laboratory for the contaminants and methods listed below. The certification period spans from the month of your on-site evaluation (August 1, 2023) through the next anticipated on-site evaluation cycle (December 31, 2024).

Parameter	Method(s)	Certification		
		Begin Date	End Date	Status
Group: Microbiological Contaminants				
Total Coliforms	9223 B Colisure (Presence/Absence) ^a	8/1/2023	12/31/2026	Full
	9223 B Colilert (Presence/Absence) ^a	8/1/2023	12/31/2026	Full
<i>E. coli</i>	9223 B Colisure (Presence/Absence) ^{a,c}	8/1/2023	12/31/2026	Full
	9223 B Colilert (Presence/Absence) ^{a,c}	8/1/2023	12/31/2026	Full

a - Drinking Water – Revised Total Coliform Rule 40 CFR 141.852

c- Ground Water - Groundwater Rule 40 CFR 141.402(c)

The expiration date for each parameter is listed in the table above. Certification will remain in effect for the period specified under the conditions that the laboratory follows the specified methods and that Water Supply proficiency testing samples are successfully analyzed by the laboratory for each of the above parameters once per year.

If you have comments or questions, please contact Melissa Beedle, Region 8 Drinking Water Laboratory Certification Officer, at (303) 462-9482 (R8Labcert@epa.gov).

Sincerely,

Wendy O'Brien, Director
Laboratory Services and Applied Sciences Division
