RE: Contaminated Sites Laboratory Provisional Approval **17-023**

Thank you for submitting an application for renewal of your existing approval by the Alaska Department of Environmental Conservation's Contaminated Sites Laboratory Approval Program (CS-LAP). Your lab's current approval expiration date is May 31, 2020.

In addition, you have informed us that you are awaiting your new scope from the Florida Department of Health (DoH). As a result, your lab is granted ***Provisionally Approved*** status. This status begins on the expiration date of your current approval (May 31, 2020) and expires on ***July 31, 2020***. Please provide us with your new scope as soon as you receive it.

If your application for renewal of approval included requests for new analytes to be added to your approval, those analytes do not have provisional approval. If you have an urgent need for new analytes to be approved, please contact the CS-LAP immediately so that a separate provisional approval can be issued.

Please note that "provisionally approved" status under 18 AAC 78.810(1)(A) means that your lab can continue operate as a CS-LAP approved lab under your existing CS-LAP approval until the department is able to complete review of your application. To reiterate – A "provisionally approved" lab is treated just like an "approved" lab. Clients, regulators, and other groups should view a "provisionally approved" lab just as they would view an "approved" lab.

Be aware that **any** changes in your NELAP or DoD-ELAP approval status must be reported to the CS program within 3 business days. Failure to do so will result in revocation of **all** CS-LAP approvals for a period of one year. Notification should be in writing sent to [cs.lab.cert@alaska.gov](mailto:cs.lab.cert@alaska.gov). We recommend also contacting the CS-LAP by telephone to verify that the message was received.

If you have any questions, please contact the CS-LAP at (907) 465-5390, or by email at [cs.lab.cert@alaska.gov](mailto:cs.lab.cert@alaska.gov). Labs are also highly encouraged to join the CS-LAP listserv by going to <http://list.state.ak.us/mailman/listinfo/cs.lab.approval>.

Respectfully,

A handwritten signature in cursive script that reads "Brian Englund". The signature is written in black ink and is positioned above the typed name.

RE: Contaminated Sites Laboratory Approval **17-023**

Dear Ms. Rohrer,

Thank you for submitting an application to the Alaska Department of Environmental Conservation's Contaminated Sites Laboratory Approval Program (CS-LAP), on July 7, 2019. Based on your lab's National Environmental Laboratory Accreditation Program (NELAP) approval through the Florida Department of Health (DoH) and Department of Defense Environmental Laboratory Accreditation Program (DoD-ELAP) approval through the ANSI-ASQ National Accreditation Board (ANAB), Energy Laboratories, Inc., located at the above address, is granted **Approved** status to perform the analyses listed in the attached *Scope of Approval*, for Alaska contaminated sites projects, including underground storage tanks and leaking underground storage tank sites (UST/LUST), under the July 1, 2017 amendments to 18 AAC 78. This approval is effective June 30, 2019 and expires on **May 31, 2020**.

Be aware that **any** changes in your NELAP or DoD-ELAP approval status must be reported to the CS program within 3 business days. Failure to do so will result in revocation of **all** CS-LAP approvals for a period of one year. Notification should be in writing sent to [cs.lab.cert@alaska.gov](mailto:cs.lab.cert@alaska.gov). We recommend also contacting the CS-LAP by telephone to verify that the message was received.

Please remember to include the laboratory's ID number, listed above, on all correspondence concerning the laboratory. To apply for renewal of your approval, please complete the application found on the CS-LAP webpage and submit to [cs.submittals@alaska.gov](mailto:cs.submittals@alaska.gov). The required documentation must be submitted for renewal no later than 30 days before your date of expiration.

If you have any questions, please contact the CS-LAP at (907) 465-5390, or by email at [cs.lab.cert@alaska.gov](mailto:cs.lab.cert@alaska.gov). Labs are also highly encouraged to join the CS-LAP listserv by going to <http://list.state.ak.us/mailman/listinfo/cs.lab.approval>.

Respectfully,

A handwritten signature in blue ink that reads "Brian Englund".

Brian Englund
